

METAL PROTECTIVE COATING TACKY FINISH

- **Prevents Rust & Corrosion**
- **For All Metallic Surfaces**
- **Easily Removed with Solvents**

A fast drying solvent based coating and rust preventative that dries to a tacky finish. May be easily removed with solvents. A ready to use product for use on pipes, metal parts, equipment and machinery. Excellent for short or long term storage and for protection of metallic surfaces.

Protection:

Indoors up to 2 years
Outdoors 12-18 months

WHERE:

Industrial * Pipe Yards * Construction
***Institutional * Automotive ***
Manufacturing * Machine Shops

FOR:

Metal Parts * Pipe * Equipment *
Machinery * Tools * Steel Girders

INSTRUCTIONS

Apply product as is with either a brush or sprayer to all surfaces needing protection, paying particular attention to cracks and crevices. Allow to air dry. To increase protection and long term storage, repeat application. Product can be removed with solvent.
